## FROM THE TOP

We had a busy program in March with two new [RegTech Round Up](#) podcasts – an informative technical discussion on [Knowledge Graphs](#) with Harsh Sharma from the EDM Council and Elizabeth Bethoney from Sayari Labs and, as part of our Founder Series, Myron Mallia-Dare [spoke with DH Kim](#) of Finhaven. We have expanded the breadth of topics we are covering in our podcasts; be sure to subscribe to [RegTech Round up](#) on your favourite channel. I also had the privilege of leading an enlightening conversation with four phenomenal women technology leaders at a fireside chat we held in honour of International Women’s Day. You can catch a few snippets in our [media library](#). On April 27<sup>th</sup> we will be hosting our 2<sup>nd</sup> [virtual vendor showcase](#) where three member firms will be showcasing their regulatory change management solutions. Also stay tuned for a 3-part webinar series that will delve deep into Canada’s changing privacy laws.
